REGISTRATION INFORMATION

Registration forms are available in this brochure and also available on the website at www.manatron.com/press/newsarticle.asp?id=50 Each attendee should complete a separate form and submit.

To register by mail, make out the check to:

PROVAL USERS GROUP

Send completed forms to:

**ProVal Users Conference
4105 Executive Drive
Beavercreek, OH 45430**

To register by fax, send completed forms to: 937-431-4001, to the attention of Kathy Moore. Indicate method of payment and expected date of receipt of fees.

REGISTRATION FEES & DEADLINES

The registration fee includes all educational sessions and scheduled meals. The companion fee includes all scheduled meals, including the continental breakfasts each morning. To guarantee your registration, payment in full should be received prior to the conference.

Do not send any payments directly to Manatron, the ProVal International Users Group is a separate entity. Please use only the address listed on the registration form for all conference mailings.

CANCELLATION POLICY

If a situation arises and you must cancel your registration, please submit your request in writing, either by fax to 937-431-4001, Attention: Kathy Moore, or by email to kathy.moore@manatron.com. A full refund will be issued if the request is received prior to October 3, 2006. After October 3rd, all cancellations must be presented in writing to and voted on by the Board. You may send those to the same email address as above and they will be forwarded onto the Board.

CONFERENCE ATTIRE

Suggested attire for the Welcome Reception on Sunday evening will be resort casual—meaning shorts and shirts are appropriate depending on the weather. If the weather is good, the reception will be held outside. For the education classes, suggested attire is business casual. Keep in mind that sometimes hotels have the air conditioning going on high so one must be prepared! For Wednesday night's banquet, cocktail attire is suggested—meaning suits, slacks/shirts, in other words, a bit more on the dressy side.

Leona Sparks, Pacita Payne, John Cregier, Yvonne Wolfe, Myrna O'Leary-Winebarger, Pat Shaw

Andrew Thompson, Alex Chizewsky, Kathy Nelson, Scott Erwin, Ron Craig, Kathlynn McNeese, Greg Heinrich.

EDUCATION

There will be multiple educational tracks taking place concurrently in different meeting rooms. ***The final Education schedule will be available in June.***

Track 1 ProVal Basics

ProVal Basics is intended for new users, new employees and prospective users. This track will be organized sequentially to simulate the valuation process and we will be assessing a jurisdiction from beginning to end. Participants should plan to remain in this track throughout the conference, since each session will build upon the previous one.

Track 2 Advanced Valuation

Advanced Valuation will cover model development and implementation of ProVal to produce value estimates. This track will also cover the components necessary to estimate value, as well as the processes to finalize these value estimates while assuring accuracy and uniformity.

Track 3 Advanced Topics

Advanced Topics will cover database administration, enterprise databases, interfacing with other systems, reporting on your data and

accessing your data through other software packages such as GIS and Web Access products.

For Tracks 2 & 3, classes are designed and instructors assume that students have a working knowledge of the basic ProVal.

Continuing Education Qualification

We want to include topics that will qualify in meeting continuing education requirements, so let us know what subjects are needed.

Please bring the forms with you to class and have the instructors sign after class.

CALL FOR PAPERS

All users who have developed methods or techniques for using ProVal in their jurisdictions are invited to submit an abstract of a presentation that they would

be willing to give at the conference. If it appears that the subject matter will fit in the program, every effort will be made to include it.

Send your paper to ragnor@vbgov.com by May 15, 2006.

CALL FOR INSTRUCTORS

This conference belongs to **YOU**, the user and you are the ones who know just what you want to learn and how you want it to be taught.

If you have a subject that you would be willing to cover, please contact Ron Agnor at ragnor@vbgov.com.

REMINDER:

The ProVal Users Group offers one (1) free registration per jurisdiction for users who volunteer to be an instructor.

2006 Education Schedule

	Track 1	Track 2	Track 3
Saturday 9:00 am—5:00 pm	USERS GROUP EXECUTIVE COMMITTEE MEETING (Reservation required)		
Sunday 10:00 am—5:00 pm	REGISTRATION		
Sunday 6:00 pm—9:00 pm	WELCOME RECEPTION		
Monday 7:00 am—9:00 am	CONTINENTAL BREAKFAST & REGISTRATION		
Monday 9:00 am—10:15 am	OPENING GENERAL SESSION: PROVAL 7.9—WHAT'S IN STORE?		
Monday 10:30 am—12:00 pm	Navigating ProVal Plus	What's Your Preference?	ProVal Data Structure
Monday 1:15 pm—2:45 pm	Tables For Beginners	GRM Records Management Option	ProVal & SQL Views
Monday 3:00 pm—5:00 pm	Understanding Neighborhoods	Assessment Administration Option	SQL Query Tools
Tuesday 7:00 am—9:00 am	CONTINENTAL BREAKFAST		
Tuesday 9:00 am—10:30 am	Residential Data Entry	ProVal Land Modeling	ProVal Open Queries & Parcel Sets
Tuesday 10:45 am—12:00 pm	Residential Data Entry (continued)	New Sales Analysis Tools—Replacing the Market Database	Automation & Scheduling
Tuesday 1:15 pm—2:45 pm	Condominium Modeling	New Sales Analysis Tools—Replacing the Market Database (continued)	ProVal Data Extraction
Tuesday 3:00 pm—5:00 pm	Basic Statistical Analysis	ProVal Value Factors & Adjustments	Land Valuation Using GIS & SQL Scripts
Wednesday 7:00 am—9:00 am	CONTINENTAL BREAKFAST		
Wednesday 9:00 am—10:30 am	Sketching Angles & Curves	Creating & Using An Income Model	Crystal Basic
Wednesday 10:45 am—12:00 pm	Commercial Data Entry	Creating & Using An Income Model (continued)	Advanced Crystal
Wednesday 1:15 pm—2:45 pm	Marshall & Swift Black Box Cost	Technology Round Table	Advanced Crystal (continued)
Wednesday 3:00 pm—5:00 pm	Regional Meetings	Regional Meetings	Regional Meetings
Wednesday 6:00 pm—9:00 pm	BANQUET		
Thursday 7:00 am—9:00 am	CONTINENTAL BREAKFAST		
Thursday 9:00 am—10:30 am	Check Out/Check In	Pictometry	Depreciation & Value Models
Thursday 10:45 am—12:00 pm	The Final Step	SDS, Parcel Analyst	Depreciation & Value Models (cont)
Thursday 12:00 pm—2:00 pm	LUNCH—SPONSORED BY MANATRON, INC. QUESTION & ANSWER SESSION		
Thursday	USERS GROUP EXECUTIVE COMMITTEE MEETING

Saturday, October 28

9:00 am—5:00 pm

USERS GROUP EXECUTIVE COMMITTEE MEETING

Sunday, October 29

10:00 am—5:00 pm

REGISTRATION

Sunday, October 29

6:00 pm—9:00 pm

WELCOME RECEPTION

Monday, October 30

7:00 am—9:00 am

CONTINENTAL BREAKFAST & REGISTRATION

Monday, October 30

8:30 am—9:00 am

OPENING SESSION: PROVAL 7.9—WHAT'S IN STORE?

TRACK I

You've got it, now what do you do with it? Track 1—Beginning ProVal will introduce you to ProVal Plus and help ease your way through the various features and modules offered with the system. Attend this track and discover what ProVal Plus can do for you!

Monday

10:30 am—12:00 pm

NAVIGATING PROVAL PLUS

Which way do I go? Don't be afraid to jump in the driver's seat and take control! This session will cruise you through the many screens, windows, tabs & menus available in ProVal Plus and give you a road map to using ProVal to get your work done.

Instructors: Gary Bennett & Larry Wicketts, Lake County, IL

Monday

1:15 pm—2:45 pm

TABLES FOR BEGINNERS

This session is offered with the belief that everyone using ProVal Plus could benefit from a basic understanding of the control data tables that drive the

system and how they may be modified to better suit your jurisdictional needs. Come ready to ask questions and participate!

Instructor: Sue Cunningham, Virginia Beach, VA

Monday

3:00 pm—5:00 pm

UNDERSTANDING NEIGHBORHOODS

The set up and maintenance of neighborhoods in ProVal Plus can have a significant impact on how well you do your job. Learn how to recognize the factors that influence your choices and how these groupings could aid you to a more uniform valuation process.

Instructor: Ryan Davis, Falls Church, VA

Tuesday

9:00 am—10:30 am

RESIDENTIAL DATA ENTRY

Bad data in = bad data out! Learn how to correctly capture and sketch the physical characteristics of a property to accurately generate a value. Attend this session to learn some of the different ways of sketching & pricing residential dwellings, entering property characteristics and adjusting the resulting value. Valuation history & memos are just a few of the processes that will be discussed. Don't miss this one if you are a new user.

Instructors: Libby Griebel & Kathi Grizzle, Hampton, VA

Tuesday, October 31

10:45 am—12:00 pm

RESIDENTIAL DATA ENTRY

(continued from last session)

Tuesday

1:15 pm—2:45 pm

CONDOMINIUM MODELING

There has GOT to be a better way to value condo units.....doesn't there? Well, there is! Attend this session and learn how to enter and maintain condominium information of both the project and unit level. ProVal's market based condo module allows easy tracking and valuation of condos based on information

specified by the user.

Instructor: Fred Kamprad, Arlington, VA

Tuesday

3:00 pm—5:00 pm

BASIC STATISTICAL ANALYSIS

First, the bad news: mass appraisal makes statistics a part of all our lives. Now for the good news: you now have a great opportunity to learn the basics about statistics! Attend this session and gain an understanding of the practical use of descriptive statistics and enhance your ability to perform mass appraisal functions effectively and efficiently.

Instructors: Pat Alesandrini

Wednesday

9:00 am—10:30 am

SKETCHING ANGLES & CURVES

This session is for the ProVal user who already has a basic understanding of how to enter structures into ProVal, but might be having problems with more complicated angles and curves. You don't need to be a mathematician to get the job done! This session will take you from a field drawing to the final sketch in ProVal. We will cover basic geometry for angles, calculate arc height for curves & how to use ProVal to calculate challenging (non-45 degree) angles. ***Please bring a calculator with a square root key to this class.**

Instructor: Mark Doetsch, Lake County, IL

2006 CONFERENCE COURSE OFFERINGS

Wednesday

10:45 am—12:00 pm

COMMERCIAL DATA ENTRY & VALUATION

The advantage of using the simple ProVal Plus sketch program for entering commercial data is presented in this session. Includes sketching party walls, no walls, outbuildings & other special features. Entry of commercial use description and building characteristics will also be covered. ***This course assumes the user has attended or is familiar with residential data entry.**

Instructors: William Pleake & Alan Shipp, Manatron

Wednesday

1:15 pm—2:45 pm

M&S COMMERCIAL "BLACK BOX" OPTION

This class will provide information for the setup and use of the M&S Commercial Black Box option, for valuing commercial property in your jurisdiction. Intended for the user who wants to know the key data entry fields that are critical in the generation of an accurate cost estimate with M&S.

Instructors: Alan Shipp & William Pleake, Manatron

Wednesday

3:00 pm—5:00 pm

REGIONAL MEETINGS

Thursday

9:00 am—10:30 am

CHECK-OUT/CHECK-IN

Man! Wouldn't it be great if you could update your data directly from your field computer while standing in front of the property? Remove scribble transcription, inaccurate or forgotten notes from your job description. Learn the pros and cons of parcel check-out/check-in during this session and see how it can and is being done.

Instructor: Pacita Payne, Kitsap County, WA

Thursday

10:45 am—12:00 pm

THE FINAL STEP: VALUATION GOES TO PRINT!

OK, you've valued all your parcels, worked out the kinks, now what? This class wraps it all up in one pretty package. Learn how to make sure everything you've worked on all year is accurate, equitable and defensible, as well as some of the possible ways to publish your final assessments.

Instructor: Darcy Maag, Highland Appraisal

TRACK II

**This track (Additional Resources) is designed for users who are familiar with ProVal Plus & would like to learn more about some of the deeper functionality of ProVal Plus as well as gain some insight on some third party associations & uses of ProVal Plus data.*

Monday

10:30 am—12:00 pm

WHAT'S YOUR PREFERENCE?

Are you responsible for the smooth operation of ProVal Plus? Or, have you ever wondered how to change rounding options, or update valuation dates? This session is designed to give users a brief overview of the different preference settings in ProVal and how they are used to ensure your valuation process runs smoothly.

Instructor: Tony Magnelli, Idaho State Tax Commission

Monday

1:15 pm—2:45 pm

GRM RECORDS OPTION

Curious about how your future will change with implementation of Records? The ProVal "Admin" capability is limited because its focus is appraisal. GRM Records handles some USPAP property requirements nicely & has a powerful sales verification component. This session will overview the new Records module features.

Instructor: Wayne Moore, Manatron

Monday

3:00 pm—5:00 pm

ASSESSMENT ADMINISTRATION OPTION

You've done your job and produced a value on each parcel that satisfies all statistical tests—median sales ratio is 99 and your COD is 8. Are you done? How about preparing the certified assessment roll, preferential assessments, homestead exemptions, etc. This session will show how the optional Assessment Administration module helps with the complex process and provides a bridge to tax billing.

Instructors: Doug Bennett, Manatron

Tuesday

9:00 am—10:30 am

PROVAL LAND MODELING

Are you taking full advantage of the functionality available to you in ProVal's powerful land valuation engine? Join us as we take a look at valuing land in ProVal, including setting up land tables ranging from the simple site method to the versatile user defined method. Did we mention we will be doing this in the new ProVal 7.9 Land Tab?

Instructors: William Pleake, Manatron

Tuesday

10:45 am—12:00 pm

NEW SALES ANALYSIS TOOLS: REPLACING THE MARKET DATABASE

What? Replace the Market Database? They can't do that—it has all my sales history and the parcel characteristics at the time they sold. Major changes are in the works for ProVal and this is one of them. Release 7.9 will be coming out and the changes impact the core of your appraisal process. This class alone justifies attending the conference.

Instructors: Wayne Moore & Sam Wilkins, Manatron

2006 CONFERENCE COURSE OFFERINGS

Tuesday

1:15 pm—2:45 pm

**NEW SALES ANALYSIS TOOLS:
REPLACING THE MARKET DATA-
BASE** (continued)

Tuesday

3:00 pm—5:00 pm

**PROVAL VALUE FACTORS & AD-
JUSTMENTS**

OK, the computer spit out a value, but **I'M** the appraiser! How do I REALLY get the value I need? Unlock the full power of the ProVal CAMA system by understanding how to apply neighborhood adjustments, influence factors, relative desirability factors, and much more.

Instructors: Sam Wilkins & Jim Powell, Manatron

Wednesday

9:00 am—10:30 am

**CREATING & USING AN
INCOME MODEL**

This course will cover the basic elements of setting up and using a ProVal income model to produce accurate, equitable, defensible values for all of your income producing property types.

**Instructor: Scott Sampson,
Kitsap County, WA**

Wednesday

10:45 am—12:00 pm

**CREATING & USING AN
INCOME MODEL** (continued)

Wednesday

1:15 pm—3:00 pm

TECHNOLOGY ROUND TABLE

Are you the "IT" in your jurisdiction? Do you have solutions you feel strongly about or problems you wish we would fix? Do you yearn to discuss specific items related to the database, patch management, etc.? This is the place you want to be! Bring along your ideas & thoughts.

The vision for fully incorporating the ProVal product into the GRM product suite will be presented".

Instructors: Kelby Moore & Early Stephens, Manatron

Wednesday

3:00 pm—5:00 pm

REGIONAL MEETINGS

Thursday

9:00 am—10:30 am

LOOKING IN THE BACKYARD

If you had a helicopter on the roof of your office, whenever you had a question about a property, you could go take a quick look. With Pictometry integrated with ProVal, you can walk around a property and do rough measurements for height as well as linear. See all the improvements and possible changes over time. All without leaving the office—forget the helicopter! Release 7.9 integrates directly with Pictometry without leaving ProVal! You must see it!

**Instructor: Scott Sherwood
Pictometry (Manatron Business
Partner)**

Thursday

10:45 am—12:00 pm

A GRAPHICAL ASSESSMENT

Would you like to "spatially enable" your appraisal data by using your jurisdiction's ESRI investment? Have you heard of the "Map Tab" in ProVal? Have you heard of "Parcel Analyst" from SDS? Parcel Analyst can run inside the Map Tab and show appraisal data integrated with those GIS maps. If you have Pictometry you can also integrate it with Parcel Analyst, adding another dimension to your parcel analysis capabilities.

**Instructor: Susan Marlow, SDS
(Manatron Business Partner)**

TRACK III

**Advanced Topics is a track developed for administrators and IT personnel who are interested in learning the most advanced uses of ProVal as it relates to database administration*

and advanced valuation. It will cover such topics as ProVal Data Structures, SQL Views and Queries and Crystal Reports.

Monday

10:30 am—12:00 pm

PROVAL DATA STRUCTURE

Ever wonder where all of that data goes once it's entered? This class will show you the basics of how to understand the most commonly used tables within the ProVal database. We will cover items such as linking tables, key fields within the tables, table relationships and where data is stored. This class is a prerequisite for the following Track III classes.

**Instructor: Dwayne Hall,
Roanoke, VA**

Monday

1:15 pm—2:45 pm

PROVAL & SQL VIEWS

Want to make data retrieval easier? How about increasing the power of ProVal Open Queries, Crystal Reports & SQL Server Query Analyzer? Want to hide the details of complicated queries? This class will show you how to develop SQL Views and gather information from one or more tables and make it available in one virtual table.

Instructors: Kelby Moore, Manatron & James Gibson, Hampton, VA

Monday

3:00 pm—5:00 pm

SQL QUERY TOOLS

Need to find a problem parcel ASAP? Your boss needed the answer yesterday? This session offers an overview of basic SQL query and will demonstrate queries run against the ProVal Plus database.

**Instructor: Chester Carr,
Hampton, VA**

2006 CONFERENCE COURSE OFFERINGS

Tuesday

9:00 am—10:30 am

PROVAL OPEN QUERIES & PARCEL SETS

Learn how to set up and use these powerful features to improve efficiency and data stratification. Open queries will employ SQL Views to provide even greater ability. Once parcels are open, they can be saved as parcel sets which can be used by the batch front-end functionality to perform a myriad of tasks. This will set the stage for automating procedures within your jurisdiction.

Instructor: Dwayne Hall, Roanoke, VA

Tuesday

10:45 am—12:00 pm

AUTOMATION & SCHEDULING

Tired of manually starting the same old redundant processes day after day? Do you hang around after work waiting for everyone to leave so you can run a procedure? Is your computer tied up during the day running a long process? Fear not, help is here! Sit back and watch what ProVal working in tandem with Macro Scheduler & SQL Server can do for you!

Instructor: Dwayne Hall, Roanoke, VA

Tuesday

1:15 pm—2:45 pm

PROVAL DATA EXTRACTION

Is your jurisdiction still conducting mass appraisal one parcel at a time? See how one jurisdiction reappraises 265,000+ parcels every year using spreadsheets and database reports linked to ProVal tables to organize & review field work, analyze sales, import market values and report results. Topics covered include linking to ProVal tables with Excel & Access; generating LRSN lists for batch processing; reviewing work via reports & spreadsheets rather than toggling from parcel to parcel in

ProVal and measuring ratio performance using pivots & queries.

Instructor: Laura Washabaugh, Snohomish County, WA

Tuesday

3:00 pm—5:00 pm

LAND VALUATION USING GIS & SQL SCRIPTS

This class will demonstrate how to reassess land using Geographic Information Systems (GIS) to analyze land values and SQL scripts to make influence factor changes in ProVal. Current land values will be mapped illustrating values in different colors. A land model will be built in ProVal and then display the worksheet land value in GIS. Land influences for size, front foot, etc can be mass changed using SQL scripts with the results displayed on a map.

Instructor: Greg Daniels, Lynchburg, VA

Wednesday

9:00 am—10:30 am

CRYSTAL REPORTS—BASIC

There are numerous reports which can be generated using ProVal data. Find out what reports users have generated and their applications in year-end valuation management as well as helping with administrative duties. Follow up this session with ProVal Report Manager, a new tool included with ProVal Plus to manage and share your Crystal Reports.

Instructor: Brett Hill, Idaho State Tax Commission

Wednesday

10:45 am—12:00 pm

ADVANCED CRYSTAL REPORTS

Moving **FAR** beyond the basics, this class will explore how and when to apply Inner and Outer Joins and the versatility of using Sub Reports.

Instructors: Dwight McGee, Manatron

Wednesday

1:15 pm—2:45 pm

ADVANCED CRYSTAL REPORTS (continued)

Wednesday

3:00 pm—5:00 pm

REGIONAL MEETINGS

Thursday

9:00 am—10:30 am

DEPRECIATION & VALUE MODELS—NOT DEPRESSION & VALUUM!

Take two aspirin & attend this session to get a taste of depreciation and value model printouts in ProVal! We'll start with an overview of depreciation as it impacts value, then review the depreciation table and Age Model options. Next we'll help you translate the Value Model printouts and discuss how you can use them as reference. We will set aside time at the end of the second session for a PVEngine Q&A so bring your questions or problems with you to discuss.

Instructors: Alan Shipp, Manatron

Thursday

10:45 am—12:00 pm

DEPRECIATION & VALUE MODELS (continued)

USERS GROUP EXECUTIVE BOARD MEETING

Doubletree Guest Suites

"I thought the 2005 ProVal Conference was a great conference. I have been attending the ProVal Conferences for several years and always learn something new. The classes at this year's conference were especially helpful in providing information on how to utilize tools in the system that we haven't used in the past. I am looking forward to the 2006 Conference and know that I will come back with even better understanding and more ideas on how to use ProVal to develop the most accurate values possible for Benton County."

Cindy Weddle
Sales Data Analyst
Benton County, OR

CONFERENCE HOTEL

The official hotel for the 9th ProVal International Users Group Conference is the Doubletree Guest Suites in the heart of the historic district.

Address: 181 Church Street
Charleston, South Carolina 29401
Phone: 843-577-2644

Conference Room Rate: \$119 per night, single/double.

Call the hotel directly and mention that you are with the ProVal Users Conference.

Conference Code is: C-PRO

HOTEL INFORMATION

- ◆ Elegantly appointed property with 165 one bedroom suites, 17 two bedroom suites and 30 executive kings (non-suites).
- ◆ Superb location in the heart of the "Market" area. Museums, historic homes, restaurants and shopping all within walking distance.
- ◆ 10,000 plus square feet of conference and banquet facilities, ballroom and break out rooms.
- ◆ Award winning restaurants "Hanks" and "Peninsula Grill", selected as America's Best New Restaurants by Esquire Magazine.
- ◆ Walking and carriage tours depart daily from the hotel.

AIRPORT INFORMATION & TRANSPORTATION

Travelers can select from more than 150 flights daily that provide connections around the world. Charleston International airport passengers can enjoy all the travel advantages combined with a unique and refreshing level of personal services and attention. Airlines that fly in and out of Charleston are:

Continental
US Airways

Delta
United

Northwest

For transportation to and from the airport, there are many options. Fares run between \$10 and \$20 one way, depending on the type of service that you choose. Mitch Limo Service at 843-270-7774, C&J Services at 843-607-6295 or A-1 Airport Shuttle at 843-834-1998. Of course, there are also taxis available.

GOLF OUTING

Ever since the Scottish immigrants to the city of Charleston organized America's first golf club in 1786 golf has been an attraction. This beautiful historic city offers World Class Golf along with fine accommodations, restaurants, and plenty of nightlife! This year's golf outing will be held on Sunday, October 29.

Participants will be advised as to where to meet and tee times.

The golf course is set to be Patriots Point. Located across the harbor from Charleston, Patriots Point is a par 72 championship golf course with the feel of the great links courses in Scotland.

If you love golf and want to

play in a city known for its beautiful courses, and also have a great time, be sure to sign up for golf.

***Cost: \$73.00 (\$68 plus 6.5% sales tax) per person, which includes greens fees, cart, 18 holes of golf and all gratuities to the bag boys and the beverage cart people.**

Patriot Points Golf Course

2005 Golf outing

TOUR OF HISTORIC CHARLESTON

Horse-drawn carriages will pick you up at the hotel at 1:00 p.m. Sunday and take you on a tour through the streets of historic Charleston. The carriages will drop you off at the Nathaniel Russell House. This house was built shortly before 1809 and is a superior example of Adam architecture. One of Charleston's finest house museums, the

flying staircase spirals unsupported from floor to floor and the beautiful south rooms have elliptical plans. Private guides will meet the group at the Nathaniel Russell house and offer a delightful private introduction to Charleston with a walking tour of the historic district lead by registered guides. At 4:00 p.m. the tour will end in

the Market area where there are many shops and a large open air market.

***Cost: \$45.00 per person, based on a minimum of 12 people.**

FORT SUMTER TOUR

At 2:00 p.m. Sunday, depart your hotel on a shuttle to the Aquarium Wharf for your tour of Fort Sumter. You will enjoy a cruise along the famous Battery, where the majestic homes can be seen, to the island of Fort Sumter where the Civil War began. Union soldiers occupied strategic

Fort Sumter which the South demanded be vacated. The North refused and on April 12th, 1861, from nearby Fort Johnson, South Carolina troops of the Confederacy fired on the Fort. This started the 2 day bombardment that resulted in the surrender

of Fort Sumter by Union soldiers. At 4:45 p.m. you will be returned to your hotel.

***Cost: \$39.00 per person, based on a minimum of 12 people.**

"I believe that each year the conference gets better. Texas was an excellent conference, the accommodations, the food, the classes and instructors were great. Keep up the good work!"

Brenda Gilbert

Chief Deputy Assessor
Hamilton County, IN

ProVal® International Users Group

To register, complete sections 1 – 5. Please type or print information.

1. Registrant information:

_____ 1a). Check if you will help with registration
 Name (Please print your name exactly the way you want it on your name badge)

_____ Title

_____ Jurisdiction

_____ Address

_____ City, State, Zip

() - () - _____

Telephone Fax Email (we communicate by email, so please fill in!)

2. Companion Badge Information: (Only for companions who are paid registrants. See Section 4)

_____ First name Last Name

3. Registration Fees:

<u>New Dates!</u>	Early Fee By August 22	Intermediate Fee By September 29	Late Fee After September 29	Total Fees
Registration	\$345.00	\$395.00	\$445.00	\$ _____
Companion (No education classes)	\$185.00	\$210.00	\$235.00	\$ _____
Golf Outing	\$73.00	\$73.00	\$73.00	\$ _____
Tour of Charleston	\$45.00*	\$45.00*	\$45.00*	\$ _____
Fort Sumter Tour	\$39.00*	\$39.00*	\$39.00*	\$ _____
Total Fees:	\$ _____	\$ _____	\$ _____	\$ _____

4. Ticketed Events:

Although these events are included with your registration, you must indicate the ones you wish to attend and the number of people attending in order to receive a ticket. Your name badge and a ticket will be required for entrance. If you register a companion on this form, indicate the number of people attending the events.

_____ Welcome Reception on Sunday _____ Banquet on Wednesday _____ Lunch on Thursday
 For the banquet, please choose one: ___ Prime Rib ___ Marinated breast of Chicken ___ Broiled Grouper

5. How to Register:

Make out check (in U.S. Dollars) to: [ProVal Users Group](#) and mail to:

[ProVal Users Conference 4105 Executive Drive, Beavercreek, Ohio 45430](#)

Check Number: _____ Jurisdiction Purchase Order: _____ Check here if you need invoiced _____

No refunds of registration fees will be honored after October 3, 2005.

ProVal® International Users Group

The ProVal International Users Group had its beginnings in 1996 with a gathering of the more advanced users of the software. In early 1998 a second meeting was held and the Users Group was officially formed, with the mission to assist in the development and advancement of an international software system by providing recommendations regarding support of future enhancements. The Officers and Regional Directors are:

<u>President:</u>	Ron Agnor	City of Virginia Beach, VA	757-427-8549	ragnor@vbgov.com
<u>Vice-President:</u>	Darcy Maag	Highland Appraisal, ID	208-459-8606	dmaag@bigskytel.com
<u>Secretary:</u>	Sue Cunningham	City of Virginia Beach, VA	757-427-8549	scunning@vbgov.com
