

MANATRON[®]

MVP Tax

Manatron MVP Tax

Manatron MVP Tax is a powerful and flexible Government Revenue Management™ (GRM™) comprehensive property tax billing and collection solution for tax collection officials. Manatron MVP Tax provides the functionality to maintain, bill, collect, distribute and track properties and associated taxes. It is built on the Microsoft® platform, using the most up-to-date technology. Manatron MVP Tax enables tax collection officials to manage real property, personal property, manufactured homes, minerals and special assessments.

Tax Item	Charge type	Amount	Period	Balance due
PROPERTY TAX	Real Prop	100.00	100.00	100.00
SEWER	Real Prop	50.00	50.00	50.00
WATER	Real Prop	50.00	50.00	50.00
TOTAL		200.00	200.00	200.00

Taxes tab

Manatron understands that with never-ending budget pressures at all levels of government, property taxes are an increasing fiscal lifeline for counties. Because of the importance of this vital revenue source, it is imperative that jurisdictions completely, accurately and fairly apply the property tax burden to their taxpayers. Manatron developed Manatron MVP Tax with this in mind.

Manatron MVP Tax has the capability to produce bills, track taxes, post payments and distribute funds for various types of properties and charges. Property types can include but are not limited to: Real, Personal, Manufactured Homes and Special Assessment. For all types of property, valuation information may be imported from an external system or set of tables.

Manatron MVP Tax offers:

- Tax Levy Management
- Tax Accounting
- Tax Billing
- Special Assessment Projects
- Tax Collection Cashiering
- Manatron CAMA and eGovernment Integration

With a staff that represents over three thousand person-years of local tax software development experience, Manatron provides the most rich and in-depth tax product available. Manatron MVP Tax combines the ability to perform streamlined, basic functions with advanced capabilities. Manatron ensures compliance with state standards, processes and laws and continually brings important new capabilities to tax billing and collection users.
