Manatron MVP Tax Manager

Manatron MVP Tax Manager is a powerful and flexible Government Revenue Management™ (GRM™) property tax billing and collection solution for tax collection officials. Manatron MVP Tax Manager provides the functionality to maintain, bill, collect, distribute and track properties and associated taxes. It is built on the Microsoft® platform, using the most up-to-date technology. Manatron MVP Tax Manager enables tax collection officials to manage real estate tax, personal property tax, special assessments, occupational licenses and tourist development.

Account Maintenance

Manatron understands that with never-ending budget pressures at all levels of government, property taxes are an increasing fiscal lifeline for counties. Because of the importance of this vital revenue source, it is imperative that jurisdictions completely, accurately and fairly apply the property tax burden to their taxpayers. Manatron developed Manatron MVP Tax with this in mind.

MVP Tax Manager has the capability to produce bills, track current and delinquent taxes, post payments and distribute funds for various types of properties and charges. These can include but are not limited to; Real, Personal, Special Assessment, Occupational License and Tourist Development. For all types of property, valuation information may be imported from an external system or set of tables.
